Dear Parents, Carers, and Members of the Community,

Proposal to Extend Age Range to Include Nursery Provision (Ages 2–11)

We are writing to inform you of an important development regarding the future provision at Park Academy. The Academy has been approached with a request to extend its age range, allowing us to provide nursery provision for children aged 2 to 4, in addition to our current offer for learners aged 4 to 11.

Currently, the nursery provision within our community is delivered by Little Robins, situated adjacent to Park Academy. We have been asked to take on the nursery provision currently provided by Little Robins, due to the planned retirement of the current manager Pat in the summer. This will ensure the continuity of high-quality early years education and care for local families. We are delighted to have this opportunity and grateful to the team at Little Robins for offering it to us.

As a result, we are seeking to formally consult on the proposed extension to our age range, which would enable Park Academy to admit children from the age of 2 through to 11. This change would allow us to merge the two establishments and provide a seamless transition for the learners.

Benefits of the Proposed Change

- Continuity of care and education for children from the age of 2 through to the end of primary school.
- Ensuring the ongoing availability of nursery provision in the local area, following the transition of services from Little Robins.
- Greater support for families in the community, offering a single setting for early years and primary provision.
- The opportunity to build on the strengths and expertise of Park Academy staff in nurturing and supporting young learners.

Consultation Process

We are keen to hear your views on this proposal. **The consultation period will run from Friday 6th February 2026 to 27th February 2026.** During this time, we invite parents, carers, staff, and members of the local community to share their thoughts, questions, or concerns regarding the proposed extension of our age range.

Feedback can be submitted via email to laura.spicer@parkacademyboston.net or in writing to the Academy office using the address above.

Next Steps

At the end of the consultation period, all feedback will be carefully considered before a final decision is made. If the proposal is approved, we will work closely with the staff, families, and the local authority to ensure a smooth transition of the nursery provision from Little Robins to Park Academy.

We believe that extending our age range to include nursery provision will provide significant benefits to our children and families, and we look forward to your engagement in this important process.

Thank you for your continued support of Park Academy.

Best wishes,

Mrs Kris Radford
